Memorial Information

Memorial Masons

We are also memorial masons and can provide and put in place all types of memorials in Churchyards and Cemeteries, for both earth burial and cremation services where the ashes have been scattered or interred, as well as adding additional inscriptions to an existing memorial.

Interment Options

Following an interment, you have the option of placing a temporary grave marker to mark your loved ones resting place until a permanent memorial has been arranged. Our markers are made of varnished solid oak, and include a plate of inscription.

Whilst it is recommended that a memorial is not placed until some months following the interment, we are able to arrange, complete and hold your choice of memorial at our premises until you are ready for us to fix the memorial in situ. This is often suitable if an account is to be settled by the deceased's estate, or where a final invoice for memorial works is required by a bank or solicitor ahead of production.

We are also able to pre-arrange a memorial, supply you with a firm estimate and confirmation and hold the details on file until such time as the memorial is required to be produced.

Church of England Memorials

Memorials that are to be placed within a Church of England Churchyard are subject to Diocesan regulations which will be explained to you during our initial meeting. If the memorial is to be fixed in a Cemetery, there are very few limitations, however, in both instances, all memorials are subject to permit application approval and the appropriate fee paid, which we will take care of on your behalf.

Process & Timeframe

The memorial process can take around 3-4 months from our initial consultation. For new memorials, a full layout proof is supplied for your approval, which can be amended as many times as you wish. No works will commence until we have your signed authority to proceed.

Our Showroom

We have a showroom at our premises at West Malling where you are invited to see several different types of headstones, tablets and vases on display together with a comprehensive brochure and price list available upon request.

We are also able to arrange for wooden memorial benches, garden ornaments and cast bronze plaques.

In addition, we offer remembrance items which incorporate your loved ones ashes such as jewellery, glassware and fine art, along with a selection of urns.

Maintenance Programme

We are now pleased to offer a grave maintenance programme, available as a one off visit to clean an existing memorial and gravespace, a full refurbishment of an existing memorial (please note, this may require the memorial to be removed for deep cleaning) or regular visits to maintain the grave space, with the option for us to supply fresh flowers to commemorate special days and anniversaries.

Help & Advice

Our memorial section is run by Clare and she will be pleased to help and advise you with any enquiries you may have. An appointment can be made with Clare to enable you to discuss your requirements in detail.
